FAM FRESNO
ART MUSEUM

Visual Art WORKSHOPS for Kids & TeenS

FOUR WEEK-LONG PROGRAMS
JULY 9 TO AUGUST 3, 2018

Why are FAM workshops extra special?

The Museum is a unique environment where children can be inspired and exposed to world-class artwork and antiquities, not just images in a book or posters on a wall. FAM is 69 years old this year, and we have been told by many that classes at the Museum were a big part of their growing up in Fresno, creating long-lasting and wonderful memories. Our goal is to continue that legacy by offering classes to engage children and foster a love for the arts, learning, and discovery.

Our workshops are taught by working professional artists who bring their special talents and knowledge to every session they teach. All of our teaching artists have had training and experience in working with children, and all strive to transfer their own love of the arts to each of their students in a lively, engaging, and exciting way.

WEEK 1 (July 9 to 13)

Trashion for Kids (FULL DAY only)

Students will design and construct wearable art from discarded and recycled items with the talented painter and Trashique® artist Leslie Batty. Their creations can be their next Halloween costume! They will script and develop a performance piece for the final day of the workshop. Kids can also expect some special visits by a few of FAM's other Trashique® artists during the workshop.

WEEK 2 (July 16 to 20)

Mural Making Workshop - Art Brigade @FAM (FULL DAY only)

For the third year, Erik Gonzalez, muralist, graffiti artist, educator, and founder of the Urbanists Collective in Visalia, returns for another fun and inspiring workshop! Students will create an outdoor mural on a cube in the Museum's Sculpture Garden. Participating students will explore original art works, contribute to the design, and help paint the mural with Erik's guidance. Note that students will use traditional brush-work and be trained on the proper use of spray paint in creating the mural. Be advised that most of the work takes place in a shady, gated area at the Museum but outside of the classroom. **AGES 10 to 17 only.** Limited enrollment.

WEEK 3 (July 23 to 27)

Exploring Drawing (AM)

Students will explore our galleries and create their own art by drawing with pencil, ink, charcoal, pastels, and oil pastels. They will explore different drawing techniques and create work in a variety of different genres.

Mixed Media Painting (PM)

All students will learn about color mixing, painting techniques, and have an opportunity to create a unique self-portrait, a still-life, and a landscape painting in acrylic paint and, if they choose, with collage elements.

WEEK 4 (July 30 to August 3)

Art in 3-D: Exploring Clay, Plaster, Wire, and More (AM)

Students will explore a variety of media in creating sculpture with clay, plaster, wire, and other materials. Students will also be using painting techniques to apply color to their works.

Art in 3-D: Exploring Fiber (PM)

Taking inspiration from Kay Sekimachi and Jenne Giles (two exhibitions opening in the summer), students will create sculptural works with fiber, paper, and other found and natural elements.
